

HVC Founders Fund

Angel Syndicate Investment Fact Sheet

Overview

The **HVC Founders Fund** is HASAN.VC's curated angel syndicate focused on investing in high-quality startups and SMEs across **Southeast Asia**. The fund provides qualified investors with direct access to early-stage opportunities, investing alongside the HASAN.VC team using a disciplined, practitioner-led investment approach.

Investment Focus

The fund targets **early-stage startups and growth-oriented SMEs** operating in large and underserved markets across Southeast Asia. We prioritize businesses with clear revenue models, defensible economics, and a realistic path to profitability.

Our investment philosophy centers on building durable companies that can compound value over time, rather than chasing short-term valuation inflation.

Investment Structure

- **Region:** Southeast Asia
- **Business Type:** Startups & SMEs
- **Individual Ticket Size:** Starting from **USD 3,000 per deal**
- **Typical Collective Deal Size:** **USD 20,000 – 30,000 per deal**

By pooling capital through a syndicate structure, members gain diversified exposure to venture opportunities while maintaining flexibility and lower minimum commitments.

Due Diligence & Participation

A defining feature of the HVC Founders Fund is the **Due Diligence Committee**, where selected members participate in reviewing opportunities, analyzing risks, and contributing insights to investment decisions.

Return Objective & Fund Philosophy

The Founder's Fund is built with a **profitability-first mindset**, aiming to construct a portfolio capable of delivering **target returns of up to 10× over a five-year horizon**.

Rather than relying on constant fundraising, the fund focuses on disciplined capital deployment, selective reinvestment, and sustainable value creation. The goal is to build a self-sustaining investment vehicle anchored in long-term performance.
